Select Strawberry Plants

JUDSONIA, ARKANSAS

1950---1951

All our plants are grown on virgin soil, and we have two inspections each year — one in the Spring for fruiting qualities and RED STELE, and one in the fall just before digging starts for any other disease that may develop during the growing season. We are continually working to keep our plants free from disease and also to improve the quality of our plants. Our plant crop is good this season, and quality is the best, and we are offering them at as reasonable prices as can be had, as follows:
